RE: ROBERT BOHEN

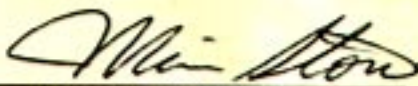

To Whom It May Concern:

I have had the pleasure of serving Robert Bohem as his legal counsel for the past several years. I have found Mr. Bohem to be aggressive in the pursuit of his goals, a creative thinker, with the ability to quickly grasp and deal with complex matters. In all ways he has been fair and honest in his dealings with this office and with others. I have also observed Robert's ability to take calculated risks and prevail.

It has been a highly satisfying experience to work with this intense, unique and exceptional individual, and I welcome the opportunity to recommend him.

Yours truly,

LAW OFFICE OF MORRIS STONE
